HHP Board Composition

The Board of Managers composition policy requires physician representation from both primary and specialty care, and from each HPH medical center.

Overall, the Board of Managers consists of 17 voting positions consisting of an appropriate mix of independent and employed physicians:

- Seven appointed managers: including Hawai'i Pacific Health President and CEO Ray Vara, Executive Vice President and Chief Quality Officer Melinda Ashton, MD, and five Hawai'i Pacific Health Managers appointed by Ray Vara.
- Ten elected physician managers: includes six primary care physicians and four specialists, with at least one from the medical staff of each of Hawai'i Pacific Health's four hospitals.
